Steve Irwin | Biography, Death, & Facts | Britannica. With frenetic energy and an engaging boyish enthusiasm, Irwin led his viewers on recklessly close encounters with deadly and usually endangered animals, notably crocodiles, in Australia's outback and later in the jungles of Asia and Africa. Although sometimes criticized for disturbing wildlife unnecessarily or for indulging in showmanship, Irwin claimed that his risk-taking style helped to raise concern for threatened but dangerous animals and enabled viewers to appreciate directly their

Toxic Traps: When These 7 Types of Plastic Are Dangerous. The dangers of outgassing. In the absence of this, it makes sense to limit your close encounters with plastic as best as you can. Never heat or microwave your food in plastic containers, which
Many close encounters of the third and fourth kind are hugely different from that. Some are much more bizarre and elaborate, others are counterintuitively uneventful (down to earth, as it were). These stories are sometimes so bizarre that you at least wonder how someone could have come up with them.

Many UFO encounters leave the witnesses in profound states of wonder and amazement. Others provoke terror and paranoia. Just occasionally, however, the UFO phenomenon becomes downright deadly. Take, for example, the encounter of a Brazilian man named João Prestes Filho, a farmer from the village of Aracariguama. On the night in question, and quite out of the blue, Filho found himself bathed in a powerful glowing light, which emanated from something unknown in the skies directly above.

Unknowncountry’s web designer James Beeson is also a deeply knowledgeable researcher of the unknown, with unique insights and some very surprising information to communicate. He tells us about his life odyssey, like so many of us being profoundly changed by an ultra-high strangeness event, and as a result setting out on a life-changing mission to do serious research into the unknown.
