the second would be to provide relevant training and education for law enforcement to learn about harm reduction and hiv prevention. another suggestion is to work with higher level policymakers. harm reduction: pragmatic strategies for managing high-risk behaviors. guilford press; 2002.

\textit{highlights of harm reduction}. 2.

\textit{over the influence: the harm reduction guide to} the authors are two us harm reduction leaders. they founded the
center for harm reduction therapy in the san francisco bay area in 2000. this book is intended for persons considering change. the authors have also written a book for professionals, the acclaimed practicing harm reduction therapy, now in a 2nd edition.

*harm reduction / office of alcohol policy and education* harm reduction is "a set of compassionate and pragmatic approaches for reducing harm associated with high-risk behaviors and improving quality of life." it is an attitude about how to approach a public health problem, rather than a set of rules. when a practitioner of harm reduction exercises compassion, she means to support a

*harm reduction - an overview / sciencedirect topics* k.e. farsalinos, in
analytical assessment of e-cigarettes, 2017. tobacco harm reduction and e-cigarettes. harm reduction is the strategy, policy, and philosophy of reducing risk and thus the morbidity and mortality associated with an action or condition. widely known examples are needle and syringe exchange programs and opioid substitution therapy for intravenous drug users to reduce the risk

*harm reduction principles for healthcare settings / harm* harm reduction refers to
interventions aimed at reducing the negative effects of health behaviors without necessarily extinguishing the problematic health behaviors completely. The vast majority of the harm reduction literature focuses on the harms of drug use and on specific harm reduction strategies, such as syringe exchange, rather than on the harm reduction philosophy as a whole.
