The European Civil Code Collins Hugh

Vol. III - No. XV
the european civil code (cambridge studies in european law) Hugh Collins argues that the European Union should develop a civil code to provide uniform rules for contracts, property rights and protection against civil wrongs, thus drawing together the differing national traditions with respect to the detailed regulation of civil society. The benefits of such a code would lie not so much in facilitating cross border trade, but in establishing foundations for a denser network of transnational relations of civil society, which in turn would help to

the european civil code Hugh Collins argues that the European Union should develop a civil code to provide uniform rules for contracts, property rights and protection against civil wrongs, thus drawing together the differing national
traditions with respect to the detailed regulation of civil society. The benefits of such a code would lie not so much in facilitating cross border trade, but in establishing foundations for a denser network of transnational relations of civil society, which in turn would help to

The European Civil Code. Hugh Collins argues that the European Union should develop a civil code to provide uniform rules for contracts, property rights and protection against civil wrongs, thus drawing together the differing national traditions with respect to the detailed regulation of civil society. The benefits of such a code would lie not so much in facilitating cross-border trade, but in establishing foundations for a denser network of transnational relations of civil society, which

Reviews Hugh Collins, The European Civil Code: The Way Forward, Hugh Collins presents
an alternative european civil code - not the one currently being projected onto the european legal scene, but a very different vision. despite the associations that a european civil code may raise, especially for common lawyers, no hackles need rise as this code is dissociated from european federalism, unification, euro-bureaucratic

civil society and political union - lse research online

regarding a civil code as a central project for Europe depends on its intimate connection to a broader aspiration. A civil code provides a vital ingredient in constructing an economic and social constitution for Europe. In the long run, in order to build greater solidarity among the peoples of Europe, it is this social and economic constitution
