how to think on your feet: 13 steps (with pictures) - wikihow thinking on your feet may not necessarily be giving an answer quickly. to come up with a comprehensive
answer to really impress your audience, you should actively listen to what they have to say. When someone is speaking, try and pay attention to not only what they are saying it but how they are saying it.
must philosophers leave home? - harvard university press blog

my aim in thinking off your feet is to show that the same is true for the theories that
make up philosophical concepts. Sometimes it is empirical investigation that enhances these theories; the philosophical process is then of course not purely a matter of armchair inquiry.
think on your feet

dramatically improves oral communication skills by focusing on an individual's ability to think quickly and clearly. the course includes step-by-step methods to train your mind in
structured communication. six plans to deliver ideas persuasively, bridging
