brian pennington has investigated each of these threads and their interwoven complexity and located them within the matrix of the post-colonial academic study of religion. a worthy and worthwhile contribution to understanding a misunderstood past. --paul b. courtright, professor of south asian religions, emory university

brian k. pennington. description. drawing on a large body of previously untapped literature, including
documents from the church missionary society and bengali newspapers, brian pennington offers a fascinating portrait of the process by which "hinduism" came into being. he argues against the common idea that the modern construction of religion in colonial india was simply a fabrication of western orientalists and missionaries.

*was hinduism invented?: britons, indians, and the colonial construction of religion* brian k. pennington

abstract. is "hinduism" a legitimate term for the widely varying religious practices of india that are commonly called by that name? the appearance of "religion" as a category comprising a set of practices and beliefs allegedly found
“was hinduism invented? britons, indians, and the colonial” pennington accepts the view according to which what currently goes by the name of “hinduism” originated in the colonial encounter, but he challenges a “faddish” notion that it was invented by missionaries and orientalists, as has been argued by s. n. balagangadhara (1994) and richard king (1999).

“was hinduism invented?: britons, indians, and the colonial” britons, indians, and the colonial construction of religion. drawing on a large body of previously untapped literature, including documents from the church missionary society and bengali

review of brian k pennington’s was hinduism invented it then accounts various differing views on whether hinduism is one, or reasonable as a category, all of this is then underlined by the argument that pennington makes, i.e., that
hinduism could not have been invented. he argues that scholars could not have invented a religious tradition without inviting incredulity.

The invention of Hinduism can be seen in the encounter between modernity's greatest colonial power, Britain, and the jewel of her imperial crown, India. This encounter was deeply shaded by the articulation and development of the concept of "religion," and it produced the now common idea that Hinduism is a religion. Brian Pennington offers a

nineteenth-century British missionaries to India such as William Carey and William Ward of Serampore, and army chaplain Claudius Buchanan helped construct the idea of a conceptual and ritual core to an array of Hindu communities and deities. Although strenuously opposed by French scholar abbé J. A. Dubois, a strain of Christian iconoclasm then being nurtured by a rampant anti-Catholicism in
